YES... YOU CAN FLY

WHO WILL BE CHOSEN TO TAKE FLIGHT?

ICONIC LOCATIONS : ASPIRATIONAL OPPORTUNITIES

A wing-suit flyer, hang-glider, para-glider and a sky-diver are our amazing team of expert adventurers.

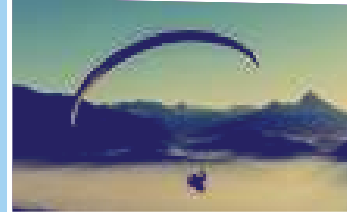

'The Safety Guy' and the gun meteorologist are our specialists. Together they travel to some of the most stunning, exciting and challenging locations nature has to offer.

Each week our adventurers pitch for the opportunity to take flight. Ultimately our two specialists select the one who will 'Go-Pro' this place's spectacular beauty.

The Safety Guy is the 'how'. He investigates the rigors of the location and talks to people with local knowledge. The meteorologist is the 'when'. She does wind tests and maps out the environmental challenges.

With safety paramount, together they make the ultimate selection...

Who will be told: 'YES... YOU CAN FLY'.

FORMAT MATTERS
