

# BYRON STUDIOS FACT SHEET

## LOCATION

Located in the beautiful Northern Rivers region of New South Wales, Byron Studios provides high end facilities for domestic and international Film & TV productions, photo shoots etc. and access to locally based professional crew and services while surrounded by natural scenic beauty that offers a rich range and scope of stunning locations and terrains.

## AIRPORTS

Byron Studios is situated close to 3 airports - 15 mins to Ballina (Byron Gateway) airport, 45 mins to the Gold Coast and just under 2 hours drive to Brisbane international airport, with Ballina & Gold Coast both less than 1 hour flight from Sydney.

## FACILITIES

The Byron Studios precinct is currently operating out of two distinct studios, catering to a range of production needs.

Both Studios are fully air-conditioned and equipped with high speed fibre internet if required. Studios are located next to each other, have separate entrances for easy access and provide total privacy.

Byron Studios can offer bespoke data management systems that can duplicate, store and forward dailies to whichever destination in the world it is needed (1GB synchronous fibre network, Fortigate firewalls & TPN), to make sure safety and integrity of our client's data for grading and editing can be achieved in the same day.

## Studio

1,000sqm | 10,750sqft  
(Height 10m|33ft)

## Studio
